hudsonisdrobotics@gmail.com

Dear Potential Sponsor,

I am writing on behalf of Hudson Robotics, *FIRST* Robotics Competition Team 4295, the Hudson Stingers. *FIRST* is a globally recognized program for high school students. Each year it releases a new game, and teams have only a few weeks to design, build, and program a robot to play it. Since the team was founded in 2012, we have grown in both students and mentors, and we have steadily risen in the competition rankings.

We believe hands-on learning is the key to success in this field. We give our members a firm grasp of engineering, programming, project management, marketing, and business skills. Through our program, we hope to inspire the next generation of engineers, technicians, entrepreneurs, innovators, and creators.

To do that, we need your help. This season we need \$_____ (total from Coach Sawyer) to cover registration, robot parts and tools, travel and meals for students, and team shirts. Sponsorship starts at just \$50, and every level puts your name or logo on the back of the shirt our team wears at competitions. Beyond that, you will have the satisfaction of fueling our success.

Thank you for considering sponsoring our team. We appreciate your support in our efforts to build a better future for the next generation.

Sincerely,

Team 4295: Hudson Stingers
Hudson High School

SPONSOR LEVELS

Every level earns a place on the back of this season's team shirt.

\$500+ ROBOT LEVEL

Your **large logo** on the back of the team shirt.

\$250+ MOTOR LEVEL

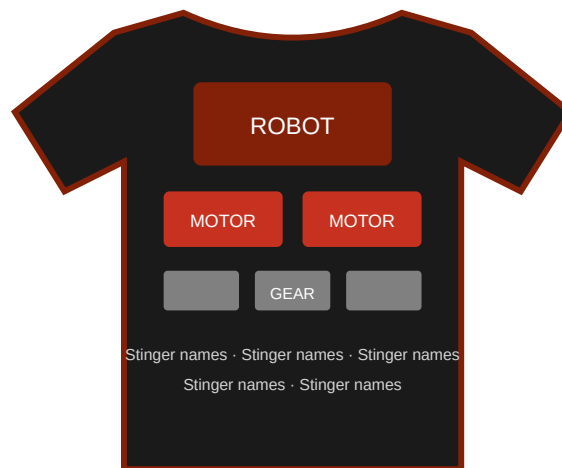

Your **medium logo** on the back of the team shirt.

\$100+ GEAR LEVEL

Your **small logo** on the back of the team shirt.

\$50+ STINGER LEVEL

Your **name** on the back of the team shirt.

Donations are tax deductible **confirm**. Checks should be made payable to **Hudson Robotics confirm**. Any amount is appreciated and fuels the success of our team!

TEAM BUDGET

What a season of *FIRST* Robotics costs.

This season's amounts come from Coach Sawyer. The categories are the ones from the 2024 packet.

Expense	Cost
Registration fees	\$
Robot parts and tools	\$
Travel and meals for students	\$
Team shirts	\$
Student letter jackets	\$
Total	\$

MENTOR WITH US

Not every gift is money. Share what you know with our students.

CAD	Teach students how to design parts in CAD.
Electrical	Show students how to wire and organize an electrical board, and how to check the robot.
Engineering Design	Help the team pick a strategy, design a robot, and manage building it.
Finance	Help students manage team funds and fundraising.
Graphic Design	Create banners, logos, handouts, and team shirts.
Marketing	Help with team marketing and a team business plan.
Mechanical	Help students build the competition robot.
Programming	Work with students to program the robot.
Project Management	Help students set time and performance goals and meet deadlines.
Prototyping	Teach students how to build quick prototypes of robot ideas.
Public Speaking	Coach students to present to sponsors and judges.
Social Media	Help students run the team's social media.
Travel Logistics	Organize team travel to events outside the area.
Website	Teach students how to build and maintain a website.
Writing	Help with marketing writing and award submissions.
